

**Mill Valley School District
Facilities Modernization**

**Edna Maguire Presentation of Design Development Documents – Public Input Meeting
Park and Strawberry Point Schools Schematic Design – Public Input Meetings**

On behalf of the Mill Valley School District (MVSD) Board of Trustees, the MVSD is launching the next phase of Facilities Modernization Bond Program funded by the proceeds of the November 2009 voter approved "Measure C".

The MVSD feels that the more robust the public process is, the better the project outcome will be. Hundreds of community members have already attended Public Input meetings held in 2010 for the modernization of Old Mill, Tam Valley, Edna Maguire and Mill Valley Middle Schools.

In 2011 a site committee at both Park and Strawberry Point Schools will begin working with Architects to develop the Schematic Design for modernization, and the design team for Edna Maguire School will have Design Development Documents to present.

The MVSD is inviting you to attend these Monday evening meetings to give your input on the Schematic Designs for Park and Strawberry Point, and the Design Development Documents for Edna Maguire Schools.

Schematic Design:

This is the first phase in the project design where the project team prepares initial diagrams and drawings giving a general view of the components and the scale of the project after detailed discussions with District staff, site committees, and the community.

Design Development:

In this phase the project team prepares, from the approved Schematic Design, the Design Development documents consisting of drawings and other documents to fix and describe the size and character of the entire project as to structural, mechanical and electrical systems, materials and such other essentials as may be appropriate. The project team also submits an estimate of probable construction cost. The Design Development phase is the last opportunity for design input from the user groups.

If you are unable to attend these meetings and would like to submit input, please send your comments to the District's Program Manager, Van Pelt Construction Services, attention Pete Norgaard, at pete@vpcsonline.com (415) 389-7762.

MEETING DETAILS:

Monday, January 31, 2011, 6:00 - 7:30 PM

Edna Maguire New School - Public Input Meeting

Meeting Location: Edna Maguire Multipurpose Room, 80 Lomita Drive

Presentation of Design Development Documents

- Comprehensive Functional Review
- Aesthetic Design Review
- Construction Estimate

Monday, February 28, 2011, 6:00 - 7:30 PM*

Park School Modernization - Public Input Meeting

Meeting Location: Park School Multipurpose Room, 360 East Blithedale Avenue

Design Charrette: Exploring Site Design Options

- Functional Designs
- Facilities
- Site
- Aesthetic Opportunities

Monday, March 7, 2011, 6:00 - 7:30 PM*

Strawberry Point School Modernization - Public Input Meeting

Meeting Location: Strawberry Point Multipurpose Room, 117 E. Strawberry Drive

Design Charrette: Exploring Site Design Options

- Functional Designs
- Facilities
- Site
- Aesthetic Opportunities

Monday, April 25, 2011, 6:00 - 7:30 PM*

Strawberry Point School Modernization - Public Input Meeting

Meeting Location: Strawberry Point Multipurpose Room, 117 E. Strawberry Drive

Discuss Preferred Site Option

- Present refined Site Options based on input during the design process
- Discuss Preferred Site and Aesthetic Option for Final Refinement

Monday, May 2, 2011, 6:00 - 7:30 PM*

Park School Modernization - Public Input Meeting

Meeting Location: Park School Multipurpose Room, 360 East Blithedale Avenue

Discuss Preferred Site Option

- Present refined Site Options based on input during the design process
- Discuss Preferred Site and Aesthetic Option for Final Refinement

* These public meetings are the community's opportunity to contribute to the Schematic Design of Park and Strawberry Point Schools; there will be additional public meetings on the development of those designs in August and September 2011.
